

## WCN Terms and Conditions

WCN tokens are ERC-20 compatible tokens distributed on the Ethereum blockchain pursuant to a related ERC-20 smart contract (the "WCN Tokens")

To participate in the WCN Token distribution, you will need an Ethereum compatible wallet or an application where you and only you hold the private keys. Private keys are needed to correctly interact with smart contract functions, like transferring cryptographic tokens. Do not send ether ("ETH") directly from cryptocurrency exchanges, only an ETH compatible wallet.

What ETH compatible wallets are recommended?

We recommend only using either:

- [MetaMask](#) (Chrome browser addon); or
- [MyEtherWallet](#) (no download needed).

Is there a minimum purchase for WCN Tokens?

The minimum contribution accepted during any period of the WCN Token distribution is 0.01 ETH. Smaller contribution amounts will be rejected.

It was decided that U.S. citizens, residents and entities should be excluded from purchasing WCN Tokens in the token distribution because of some of the logistical challenges associated with differing regulations in the many states of the United States of America. WCN does not believe that the distribution of WCN Tokens or the WCN Tokens themselves are securities, commodities, swaps on either securities or commodities, or similar financial instruments. The WCN Tokens are not designed for investment or speculative purposes and should not be considered as a type of investment. Nevertheless, U.S. citizens, residents and entities should not purchase or attempt to purchase WCN Tokens.

The WCN Token distribution contract, WCN Token smart contract and the WCN Tokens are being provided on an "as is" and "as available" basis without representations, warranties, promises or guarantees whatsoever of any kind made by WCN. Prior to purchasing WCN Tokens, you should ensure that you carry out your own examination and investigation and carefully review in their entirety the risks associated with purchasing WCN Tokens as set forth in the Purchase Agreement. Purchases of WCN Tokens are non-refundable and purchases cannot be cancelled. Under no circumstances will you be entitled to receive money or compensation for any WCN Tokens purchased or your inability to purchase WCN Tokens. The WCN Tokens do not have any rights, uses, purpose, attributes, functionalities or features, express or implied, including, without limitation, any uses, purpose, attributes, functionalities or features. Any contribution made to World Coin Network during the contribution period as described below is qualified as a non-refundable donation and the contributor waives the right to participate in a class action lawsuit or a class wide arbitration against any entity or individual involved with the contribution to World Coin Network, with the allocation of WCN tokens and with the operation of the World Coin Network
